FISHING IN YUGOSLAVIA

FISH MARKETING IN SLAVONIA -- Vjesnik, No 1078, 20 Oct 48

About 114,000 kilograms of fresh-water fish have been shipped to Osijek this year. This shows a great improvement over last year, when the fishing cooperatives had not yet been properly organized. On some days in September about 15,000 kilograms of fish were bought up.

The fishing cooperatives were paid for all their deliveries of fish in bonds. At the same time, they purchased about 800,000 dinars' worth of various fishing tackle and equipment. However, arrangements have not been made to purchase the necessary supply of rubber boots.
